"We are old in love of our Algarve - when you start to freshen up the variety of our dreams - the people, the food, the sights, the peace, the culture, the view! The restaurant down the street, the neighbours, the rooftop terrace... we could go on for days... Thank you for what we feel like was the vacation of a lifetime... forever grateful and inspired by such an incredible experience..."  
**The Blacklocks**

The sunniest spot in Europe with a breeze all year round  
Only a short flight away and you will find yourself in a natural unspoilt haven, in a peaceful setting
